Reviews: CourtTrax Customer Survey Follow-up

Our wholehearted thanks to all of you who helped make CourtTrax's first on-line customer survey such a success!

But with so much positive feedback, we've only added two minor suggestions to the "wish list" - a toll free number and a list of all the counties and courts with phone numbers. We have added the toll-free number, and are working on the reference list, but is that it? Is our product that perfect? Keep those suggestions coming in!
