

## FLORIDA PHASE 1 NOW AVAILABLE

We're going to Disney World! CourtTrax is pleased to provide to its users access to the Florida Circuit Courts. Our online interface now includes an option for "Florida Courts" alongside the other states within our service coverage.

### Coverage

Effective with this announcement, the Circuit Courts of Duval, Lake, Miami-Dade and Orange Counties, as well as the Florida State Supreme Court, can now be accessed through CourtTrax. This addition extends CourtTrax's value as an aggregator of court information access, while providing the same level of best-in-class results, as well as the time and money savings customers have come to expect from CourtTrax.

### Advantages

Florida Phase 1 furthers CourtTrax's mission of consolidating many disparate data sources into a one-search advantage. Rather than having to access four separate local systems, and learning the unique navigation and data requirements of each to conduct a search, CourtTrax does the heavy-lifting for you, synergizing all the various access procedures into a single click of your mouse.

At the same time, you retain all the classic advantages of CourtTrax: our browser-based, no-software-required interface; and the ability to attach a Search Title or Client/Matter number to each search for ease of cost allocation.

### Pricing

As with all CourtTrax products, there are no subscription or set-up fees – the user is only charged on a per-search basis. Pricing information for the State of Florida is available on our website, or by contacting our sales team at:

866-643-7084 or [sales@courttrax.com](mailto:sales@courttrax.com)

### Now You Can Edit Your Search Title!

Our customers have spoken, and we have heeded your calls. We are proud to unveil Search Title Editing, allowing CourtTrax users the ability to customize their saved searches, as well as the Name Search Report or Case Detail Reports themselves.

Now, whenever you rollover your cursor on any entry in your Saved Search List, a small "[edit]" icon will appear next to the entry's current Search Title. By clicking on this button, a text box will appear, allowing you to rename the search entry to whatever you like, however often you like.

Title	Status
0811224 - OR Circuit/District	✓
N L 000805 07 - NJ Superior [edit]	✓
00434 - WA Dist & Municipal	✓

Once saved, this new Search Title will remain on your saved search, and will also appear on the Name or Case Detail report itself, whenever they are viewed or printed.

### On The Horizon

In the coming months, CourtTrax will continue to expand its electronic service coverage, including the States of:

- Pennsylvania
- Wisconsin

If there is a Jurisdiction that CourtTrax does not currently cover, and that you think we should, let us know!
