

CourtTrax adds VP of Sales and Marketing

CourtTrax is very proud to announce the appointment of Jack Miller as Vice President of Sales and Marketing. Jack brings to CourtTrax a unique blend of large corporate culture as well as hands-on experience in building a business from the ground up. Over a 20 year career with IBM, he held numerous management positions in sales and service. His last assignment with IBM was as National Manager of Sales and Network Support for the IBM Information Network, with its headquarters located in Tampa, Florida.

While in this capacity, he had his first taste of start-up experience when he was appointed to design, staff, train, implement and manage a nationwide field force of sales and support personnel, from the ground up. "I'm excited to be a part of the CourtTrax leadership team" says Jack. "And I'm very impressed with our customers' enthusiasm about our company and its search engine. As I have visited with them, they tell me we provide high-value content in an easy-to-use manner and in just the right output for their needs. I'm here to make sure their customer satisfaction remains high and to expand our business across the country."

Clues: Federal District Courts are here!

The CourtTrax development staff has been working away over the summer to build access to the Federal District Courts. CourtTrax now offers nationwide coverage of the Federal District courts. Click on the Search

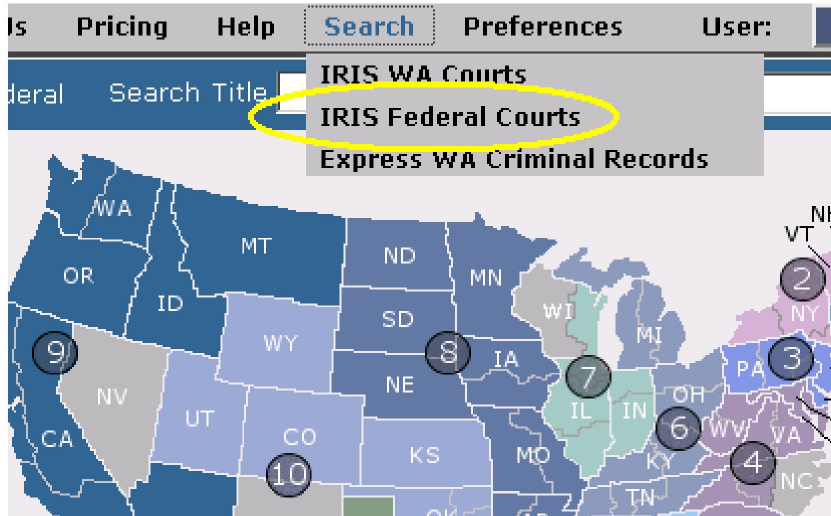

link in the top navigation bar, then click on the IRIS Federal Courts to view the nationwide map.

Reviews: How Are We Doing?

Really! What do you think of CourtTrax? One of Jack's first questions when he came on with

CourtTrax was "What do our customers think of us?" Even though we think we're doing a good job, we had never really asked you how we're doing.

Jack, thanks for the great question. And now for all of you...what do you think? We have set up an on-line survey to see how we can improve. It is completely anonymous. It will only take a few minutes of your time. So please, help us out and let us know what you think. Just click this link to get started.
